Phase 2

After analysing the remaining 44 items retained in phase 1, we have decided to exclude itmes that showed small (less than ~.40) loadings across rotations. The following items has been eliminated during phase 2 of the analysis:

- item 31

 Vaginal tearing during labour/birth?
- item 32

 Rectal tearing/damage as a consequence of labour/birth?
- item 46

 Needing to have stitches after the birth?
